

Anlage A: Simulierte Arten seltener Pflanzen und deren Standorte

Kurzinfo	Räumliches Verteilungsmuster	Populationscharakteristische Anpassung an NGB
<i>Arnica montana</i>, Arnika, 2004, Auf Ehrennd N = 5721 k=0.31	Arnica montana, Ehrennd 	Vergleich von beobachteten und erwarteten Häufigkeiten 
<i>Arnica montana</i>, Arnika, 2004, Dahlemer Binz N = 11248 k=0.44	Arnica, Dahlemer 	Vergleich von beobachteten und erwarteten Häufigkeiten 
<i>Arnica montana</i>, Arnika, 2004, Leuwersberg N = 1619 k=0.11	Arnica montana, Leuwersberg 	Vergleich von beobachteten und erwarteten Häufigkeiten 

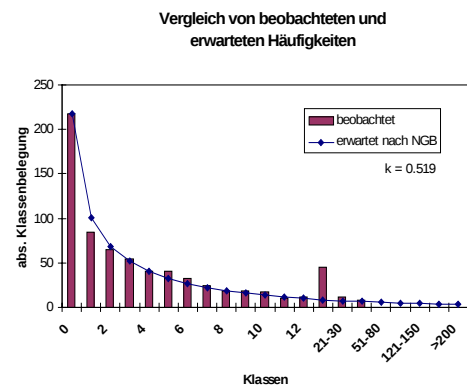

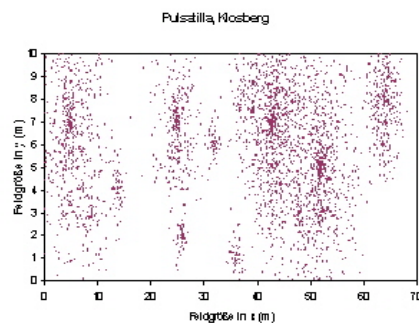

Botrychium lunaria,
Mondraute,
2005, Erz-
berg,
N=1569,
k=0.29

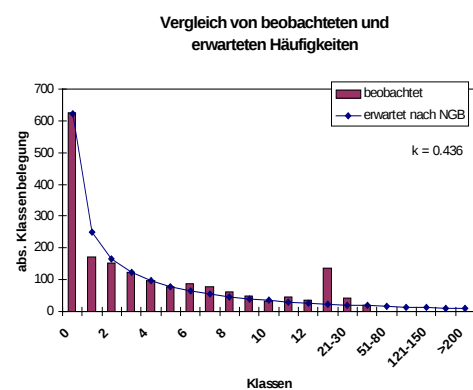

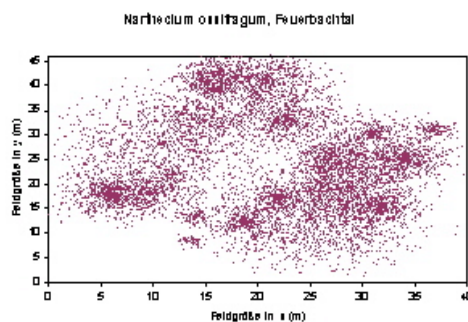

Euphrasia frigida,
Nordischer
Augentrost,
2004,
Perlenbach-
tal,
N=10700,
k=2.42

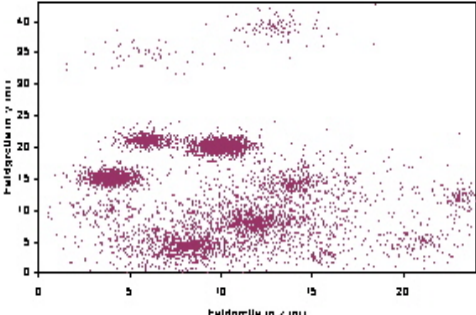

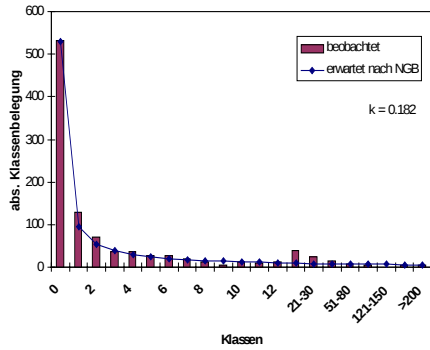

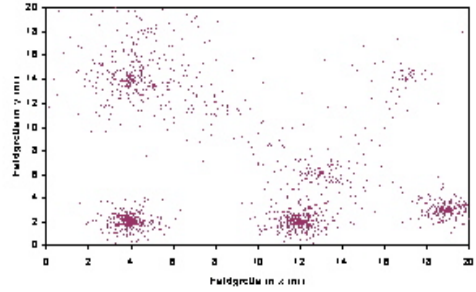

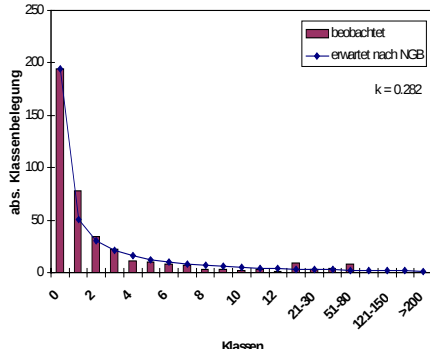

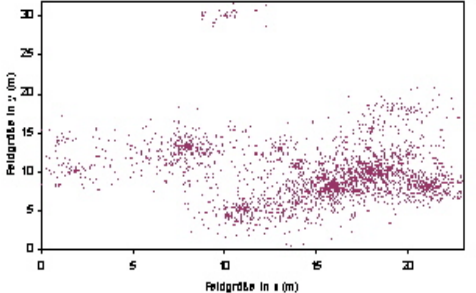

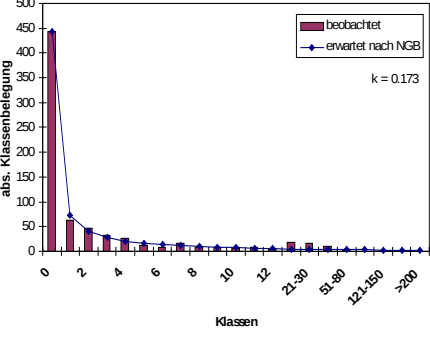

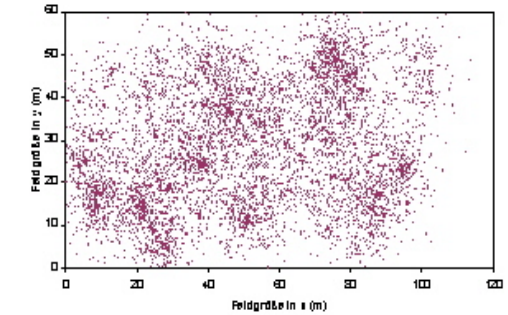

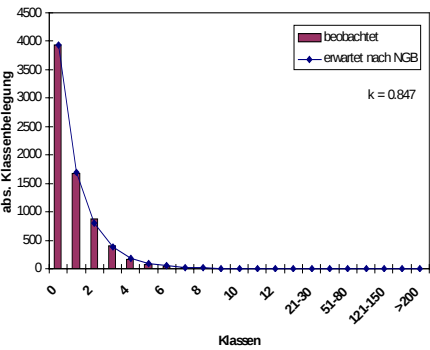

Pulsatilla vulgaris,
Küchen-
schelle,
Klosberg,
N=3100,
k=0.52

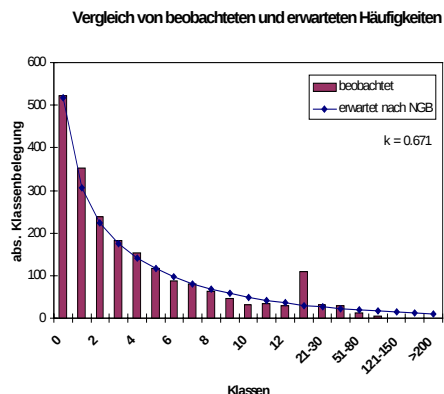

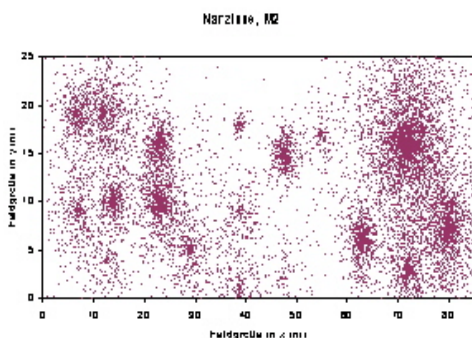

Narthecium ossifragum
Moorlilie,
Feuerbach-
tal 2004
N = 8824
k=0.44

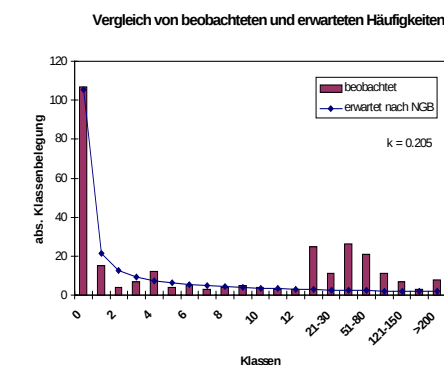

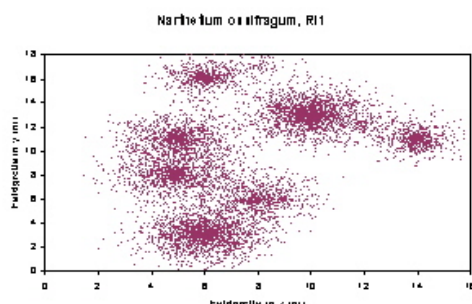

<i>Pedicularis sylvatica</i>, Wald-Läusekraut, 2005, Sistig-Krekeler Heide N=7169, $k=0.18$	Pedicularis, Sistig 	Vergleich von beobachteten und erwarteten Häufigkeiten 
<i>Pedicularis sylvatica</i>, Wald-Läusekraut, 2005, Auf Dallwegen, N=1350, $k=0.28$	Pedicularis, Dallwegen 	Vergleich von beobachteten und erwarteten Häufigkeiten 
<i>OphioGLOSSUM vulgatum</i>, Natternzunge, 2005, Seidenbachtal, N=2280, $k=0.17$	OphioGLOSSUM, Seidenbachtal 	Vergleich von beobachteten und erwarteten Häufigkeiten 
<i>Orchis morio</i>, Kleines Knabenkraut, 2004, Hammerhütte, N=6354, $k=0.85$	Orchis morio, Hammerhütte 	Vergleich von beobachteten und erwarteten Häufigkeiten 

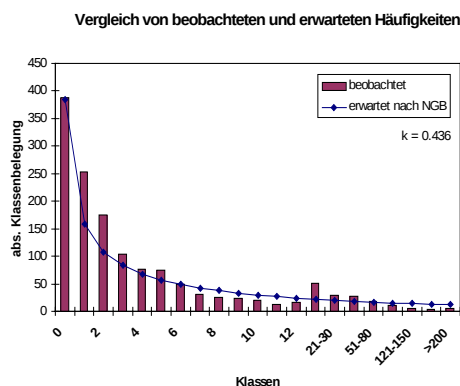

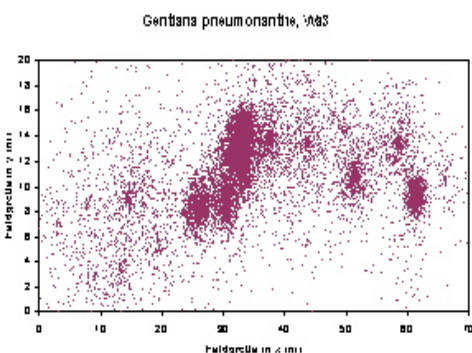

Narcissus pseudo-narcissus, Gelbe Narzisse, 2004, Fuhrtsbachtal, Wermels-sief2, N=10270, $k=0.67$

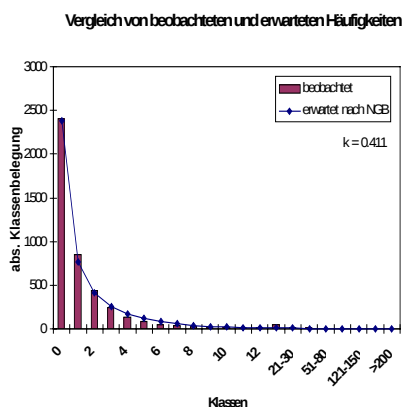

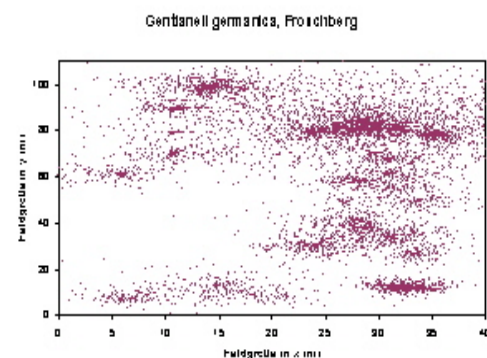

Narthecium ossifragum, Moortilie, 2004, Rinner Heide 2, N=7900, $k=0.21$

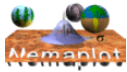

Gentiana pneumonanthe, Lungenenzian, 2004, Wa3-SK-Heide, N=11250, $k=0.44$

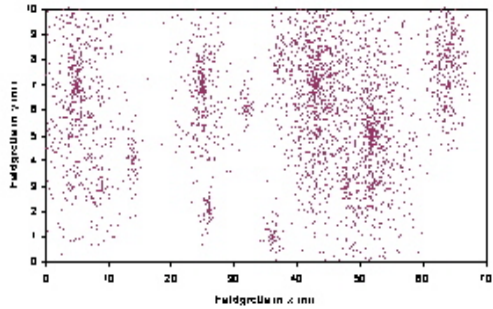

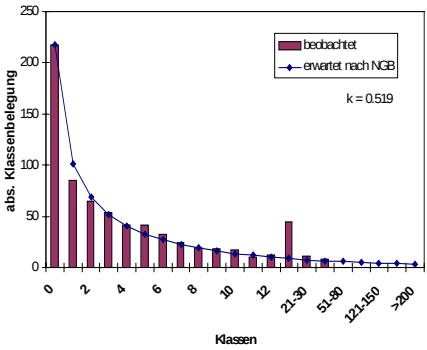

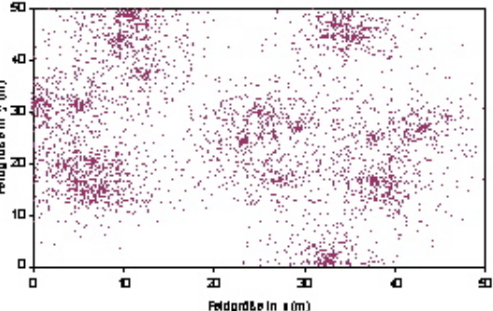

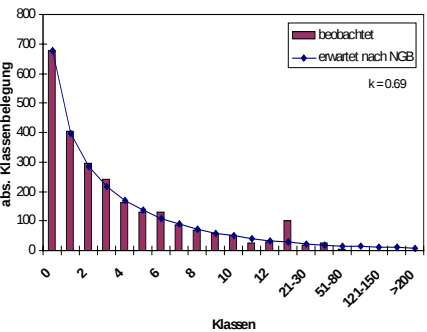

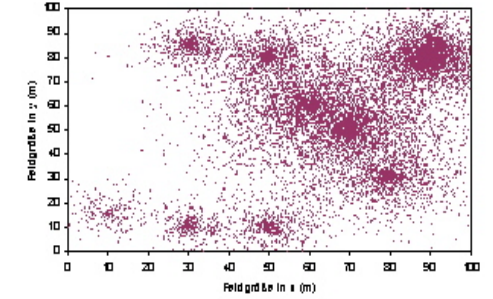

Gentianella germanica, Dt. Enzian, 2005, Froschberg, N=6225, $k=0.44$

Simulation räumlicher Verteilungen und Dichteschätzung

Kai Schmidt, Nemaplot, 2006

<i>Pulsatilla vulgaris</i>, Küchenschelle, 2005, Klossberg, N=3090, k=0.52	Pulsatilla, Klossberg 	Vergleich von beobachteten und erwarteten Häufigkeiten 
<i>Pulsatilla vulgaris</i>, Küchenschelle, 2005, Bührenich, N=9750, k=0.69	Pulsatilla vulgaris, Bührenich 	Vergleich von beobachteten und erwarteten Häufigkeiten 
<i>Platanthera chlorantha</i>, Weiße Waldhyazinthe, N=10000, k=0.43	Platanthera chlorantha, ES 	Vergleich von beobachteten und erwarteten Häufigkeiten
